

## **On Site Consultation for Teachers At the North Chicagoland Area**

**Kids Social Skills offers a short term consultation package  
to support teachers in their classrooms.**

### **Who We Help?**

Teachers dealing with:

- + Children with disruptive behavior
- + Children who have difficulties with transitions
- + Children who need help working and playing in a group

### **How We Help?**

We develop an individualized plan, tailored for the needs of the child and classroom using a 4 step approach:

1. In-depth interview with the teachers\* to learn about the child and the classroom environment and to set goals.
2. Two classroom observations.
3. Introduce a behavior modification plan and train the teachers to effectively implement it.
4. Follow up observations and meetings with the teachers to monitor progress and update the plan.

### **Is a Diagnosis Necessary For Intervention?**

No. We offer a behavior modification plan based on interviews with teachers and observations.

However, we have extensive experience diagnosing and helping children with: Disruptive Behaviors, Attention Deficit Disorder, Anxiety, Selective Mutism and Autism Spectrum Disorders.

\* Parents are welcome to join

### **Who Are We?**

Miri Arie Ph.D. is a specialist in child clinical psychology and preschool behavior problems. Dr. Arie is experienced in intervention methods such as Applied-Behavioral-Analysis, Cognitive-Behavioral Therapy, Parent Management Training, Play-Therapy, and Social-Skills Training.

Dr. Arie help children improve social skills and promote positive behaviors by providing services for children, their family and their teachers.

**We believe that children can learn to play, become more flexible, and enjoy their classroom environment.**
